## HSA Student/Trainee Animal Welfare Scholarship: Final Report

The HSA is a charity and we are dedicated to improving the welfare of food animals during transport, marketing, slaughter, and killing for disease control and welfare reasons. It is therefore essential to gauge the impact of the projects that we support.

By *reporting* on your Scholarship research project supported by the HSA, *acknowledging* the HSA when you present or publish this research, and *informing* the HSA of any publications or presentations arising from your research project, you are helping us to ensure that we spend our funds in the best way possible and to achieve our main goal – improving the welfare of food animals around the world – **thank you!**

<b>Scholar name:</b>	
<b>Project title:</b>	

<b>Brief Account:</b> Please give a brief account of your project. This should be aimed at the general public (ie people who do not necessarily have a detailed understanding of animal welfare or the subject area) and should explain the background of the project, why it is important for animal welfare, and the benefits/outcomes of the work.
<b>Presentations and publications:</b> If you have already presented or published your work (or have plans to), please give details:
<b>Any other impacts or important outcomes that arose from your scholarship experience and you'd like to tell us about? Please include these here:</b> These can be related to the animal welfare impact of your project, e.g. perhaps your results brought about a change in an animal welfare care protocol, or they could be important to your own personal development, e.g. learning a new skill or feeling more confident in how you tackle an animal welfare problem.
